

Bistro Set

Our Bistro set was inspired by the cafe of Europe. It's perfect for a quiet breakfast, evening cocktails or an intimate dinner for two. Made of stained Acacia wood and powder-coated steel, it folds down for easy storage.

Protecting Outdoor Furniture

To prolong the life of this outdoor furniture, we recommend storing it indoors during freezing temperatures.

You may also apply a protective oil to the wood to help prevent fading and surface cracks. We recommend Penofin Protective Oil (see *Ordering Information* below).

Penofin Oil penetrates and coats the dense fibers of tropical hardwoods from

the inside out to protect and maintain your furniture.

Wherever you are using a protective oil, it is best to apply it to all wood surfaces and allow the wood to completely dry before exposure to sun or moisture. Re-apply annually.

Assembly Instructions

Parts included:

Bistro Chairs (2)
Table Top (1) and Frame (1)
Screws

Attach the table top to the lower frame using the screws provided. When fully assembled, the Table will fold.

Caution: Do not exceed the weight capacity of 240 lbs for these chairs.
