

## Secret Garden Chair

Intricate scrollwork and a distressed finish gives this iron seat the look of an antique store treasure. Tucked into the garden or under a tree, the Secret Garden Chair adds a sweet accent to any area.

The chair is coated with a clear polyurethane that will protect the finish for approximately one year before aging to a rusted patina.

To extend the life of the finish, we recommend applying a new coat of clear polyurethane as soon as the first coat begins to deteriorate.
