

## Garden Tool Coat Rack

The sturdy steel Coat Rack holds five decorative cast-iron tools, each fitted with a generously sized hook that's perfect for holding hats, coats, umbrellas and more.

### Directions for Hanging

The Coat Rack is equipped with two braces 16" on center for hanging on a wall. These instructions follow the conventional method of hanging shelves from screws that have been installed into a solid standard wood frame construction with 2 x 4 or 2 x 6 framing studs behind the wall.

If you are hanging the Coat Rack from a wall made of other material or unable to align the braces with studs, make sure to choose 4 screws appropriate for your wall material.
