

Branch Plant Stand Assembly Instructions

Parts List

Foldable Plant Stand Frame

Beveled Glass Shelves (3)

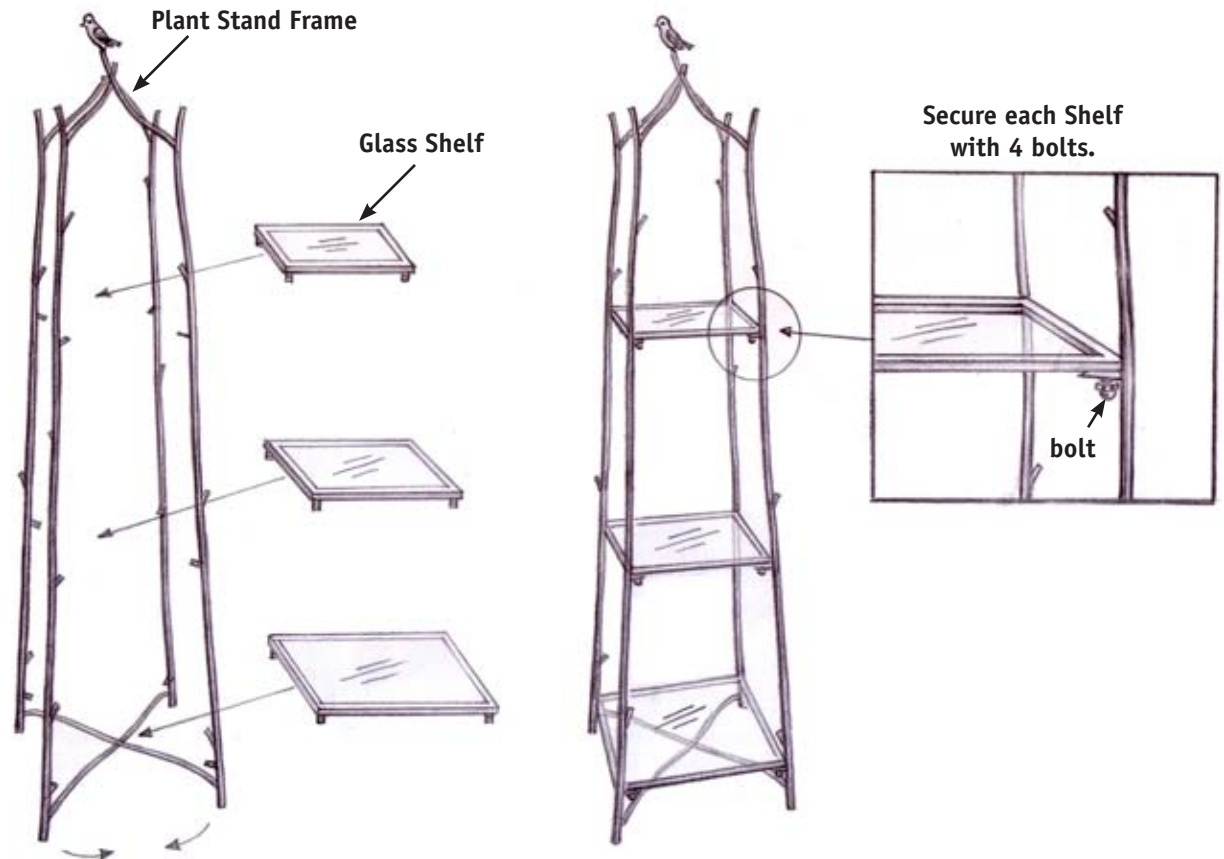

Bolts (12)

Instructions

Note: To protect the floor from scratches, felt padding or another barrier should be placed under the Plant Stand feet.

Step 1. Unwrap the Plant Stand parts on a clean and level surface. Identify and organize all parts before assembly.

Step 2. Unfold the Plant Stand Frame and place it upright. Unscrew the attached bolts from the Shelves, then follow the diagram at the right to place a Shelf at each level with the silicone pads facing downward. Secure each shelf to the Frame with the bolts provided (4 bolts per Shelf). The assembly is now finished.
