#### Zabar's

Though New York mainstay Zabar's sells everything from caviar to cookies on its site, the real reasons to shop here are the Jewish-deli favorites like corned beef, potato knishes, rugelach, and, of course, lox and bagels. The store delivers overnight nationwide. *(Caviar pictured here.)*

#### Zingerman's

This epicurian haven (in Ann Arbor, Michigan) has been curating its food stock for 25 years. The real find: a subscription to the Z Club, which includes four shipments of exclusive and otherwise unavailable culinary offerings, like raw-milk Stilton and Pasolivo olive oil.
