

CHEV SADDLE

Double lasting construction with soft nappa-microfibre upper, extra TPU arch support, heel phylon, double layer inner phylon and lightweight butadine rubber.

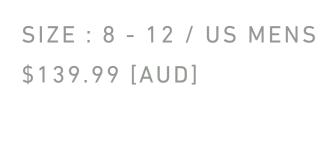

- A Microfiber mix produces a soft and durable construction for comfort on course
- Double-Lasted Fabric construction utilises two pieces of fabric in the upper of the shoe to add support and protection.
- Softspikes Pulsar system features proprietary Dynamic Cleat Technology™, which delivers maximum comfort and performance via a 16-component design that reacts to every angle of force exerted by the golfer.

• 3EEE Wide Last for those that require stylish comfort in all conditions.

CHEV LITE

The grippy minimalist outsole has been optimised for solid traction in dry conditions, while Poron Cushioning insoles (accepted by the American Podiatric Medical Association) provide even pressure distribution across the foot and have been.

The CHEV LITE also has a super lightweight and enviro-friendly upper material that ensures the foot stays snug, comfortable and in control during the golf swing.

- Poron cushioning insoles help to provide even pressure distribution across the foot. This product has been accepted by the American Podiatric Medical Association.
- 1-Year limited warranty protects shoes from any material or workmanship flaws that may result in leaking within 1 year of purchase.
- Air-Cool lining moves moisture away from feet and keeps feet airy and dry.
- Extended Upper Saddle stitching protection designed to give full feet wrap and protection when swinging.
