\*size tolerances may vary by up to  $\pm 4\text{mm}$

## 1. PRINT

In the **Print** dialogue box, set **Page Scaling** to 'Actual size', 'None' or un-check 'Fit to page'.

## 2. CONFIRM SCALE

For accurate results, ensure our printed rule (below) aligns with a physical one

## 3. POSITION

Position your foot over the template, ensuring that heel and instep align flush against the two axes, as illustrated

## 4. MEASURE

Mark the point where your longest toe falls; the nearest line will be your ideal size
