## CRAVING CRUSHERS

Hundreds of snacks came across our desks this year, but these five won us over.

### FRUITY

Made from real fruit and vegetables (such as carrots and pumpkins) disguised by a fresh apple taste, these sweet-tart chewy bites are a hit with adults and little ones. Nature's Bandits Apple Veggie Fruit Stix, \$5 for five 0.6-oz packets

### CRUNCHY

Available in fun flavors such as Sriracha Spice, Aged Cheddar, and Savory Seaweed, these rice chips are far from bland. Dang Foods Sticky Rice Chips, \$4 for 3.5-oz bag

### SWEET

These miniature treats have all the deliciousness of their larger Oatmeal Raisin and Chocolate Chip cookie counterparts but are perfect for throwing into your purse. Tate's Bake Shop Tiny Tates, \$1.29 for 1-oz bag

### NUTTY

Grab one of these the next time you want a piece of candy or chocolate: Each peanut-based bar is every bit as rich and decadent-tasting but packed with at least 7 grams of protein and eight superfoods too. Perfect Kids bar, \$5 for five 1.06-oz bars

### CHEESY

Consider these Gouda, Pepper Jack, and Cheddar bites a crunchier, real-ingredient alternative to cheese puffs—with no dusty fingers! Moon Cheese, \$5 for 2-oz bag

## BETTER-FOR-YOU BAKING

Thanks to Wilton's newest line of icings and sprinkles (It's Simply Delicious, \$4 to \$5), you can decorate desserts without adding any artificial flavors, colors, or high-fructose corn syrup.

## Black Friday Coffee Call

Planning to hit the stores at 4 a.m.? Pour coffee or tea into a Contigo Travel Mug for a much-needed caffeine fix on the go. Its autoseal lid prevents both leaks and spills, plus it keeps drinks hot up to seven hours to help you power through the day.

## DID YOU KNOW?

The world's largest green bean casserole clocked in at a total of 637 pounds! Green Giant cooked up the traditional side in November 2017—and served it to over 2,000 hungry New Yorkers—using 780 cans of Green Giant cut green beans, 53 cans of mushroom soup, 32 quarts of milk, and 65 pounds of French fried onions.
